RECOMMENDED SCAN QUALITY

12Mb or 18Mb: The most popular! Small all-rounders. Ideal for social networking and printing up to A4.

25Mb, 38mb or 50Mb: Specially for work. For large prints and magazine publications.

COMMENTS OF THE ORDER

Do you need them in less than 24 hours? Have you had any problems shooting your film? Are they expired film? Have you shot them at a different ISO? Tell us what happened so that we can take it into account when developing.
